Relevant Experience

Cloud Engineer @ tan tan solutions

May 2021 — Oct 2021 // Mérida, MX.

▹ I was tasked with creating pipelines with gitlab CI and provisioning infrastructure to deploy new services, dockerize, test services, configure DNS and proxy manager settings for last users.

Backend Development Freelance @ paramQ

Sep 2021 // Mérida, MX.

▹ systems development, requirements analysis, python development with Django (DRF), deployment of services for production environments and orchestration.

Operations Leader Division / Co-Founder @ AAAIMX

Jan 2019 — Dec 2021 // Mérida, MX.

▹ Co-founder of the first student chapter worldwide endorsed by the "Association for the Advancement of Artificial Intelligence".
▹ In charge of management and internal administration.
▹ We provide teaching through AI-related courses, workshops, conferences, and events.

computer systems technician @ Carmesí Services

July 2015 - Present // Mérida, MX.

▹ On my own I have dedicated myself to repair, assemble and sell computer equipment, IoT systems, design pages and web systems.

▹ To gain more publicity, I took on the task of creating a website to showcase my work in my business, as I wanted to have more reach and a more professional outlook towards the public.

consultancy @ specific topics

Sep 2021 - Present // Mérida, MX.

▹ On my own I do consultancies, generally on how to implement Docker in projects or how deploy specific services.

Projects

Ventanilla Digital System

COVID19 assistant

Carmesí Services Web Site
